SUMMARY

As a third-year student passionate about computer science and technology, I am seeking an attachment opportunity to apply and enhance my knowledge in a practical setting. Eager to contribute my skills, dedication, and willingness to learn in a dynamic environment.

During my coursework, I've developed a basic foundation in programming languages such as JavaScript, C++ and Java and specialized in computer networks. I am now eager to apply these skills in a real-world setting to contribute to innovative projects.

WORK EXPERIENCE

ICT INFRASTRUCTURES SOLUTIONS

April 27th - September 5th 2024

Computer Networks - Attachee

- Assist with basic network setup (connecting devices like routers, switches).
- Learn how to assign IP addresses to devices in a network.
- Monitor network connections (check if devices are connected properly).
- Help troubleshoot simple connectivity issues (e.g., no internet access).
- Learn how to use basic networking tools (e.g., Ping, Traceroute).
- Assist in configuring Wi-Fi (setting up Wi-Fi connections).
- Help with network cable management (organizing and labeling cables).
- Learn the basics of security (simple password protection for Wi-Fi).
- Understand how devices communicate in a network.

ICT Support - Attachee

April 27th - September 5th 2024

- Assist with hardware setup and troubleshooting (e.g., computers, printers).
- Help with software installations (installing operating systems, applications).
- Assist in network setup and basic troubleshooting (e.g., Wi-Fi or Ethernet connections).
- Provide technical support to users (help with basic computer problems).
- Manage user accounts (help with password resets, creating new accounts).
- Help with system backups (ensuring data is backed up regularly).
- Assist with maintaining and updating antivirus software.
- Perform routine maintenance tasks (e.g., software updates, cleaning hardware).

EDUCATION

Kirinyaga University

- Bachelor's Degree in Computer Science

September 2022 - April 2026

Moi High School - Gesusu

- Mean Grade: C+

January 2018 - November 2021

ADDITIONAL INFORMATION

- **Technical Skills:** Project Management, Basic Networking (IP, DNS, Wi-Fi/Ethernet), Software Installation & Maintenance, Technical Support & User Assistance, Customer Service & Communication, Time Management, Basic Security Awareness, Team Collaboration, Documentation & Reporting
- **Languages:** English, Swahili
